

The monthly report of September 2016

The stories of people

The story of Leila

Leila is 25 years old. Her mother has abandon her when she brought her to the world. Leila have been deprived from affection and love. She grew up in a very miserable circumstances. The woman who was taking care of her used to traffic in children for money. All this affected badly the state of Leila. When she was 15 years old, she was sent to do the house working in a farm without no salary. All this leded her to escape. But at the end she found herself in no place. The torment of street was more difficult. She has been raped by three men and become pregnant. Again her misery increased. By time, she worked as a waitress in a coffee and rent a chamber. She gave birth to her child Malak, and went back begging because she found no one to help her. She stayed like that until she met a woman who took her to her house to offer her a work as a housemaid. Unfortunately, the intention of the woman was not only the house works but she used Leila in prostitution. This latter caused a second pregnancy!! Here she decided to move on to another city. Then, she came to find a work and settle down in Dcheira. Her luck brought her to Ahddane. We rent her a chamber and helped her to give birth to her second child Nizar. After a certain period she disappeared without no notice. On the beginning of this month, we found her suddenly begging in a street with Malak, Nizar and a third baby?? She gave birth to a third baby. We were really shocked to see her in such situation. Even though, she is not accepted anymore according to the statute of the association. But the humanitarian emotions are always first to any rules in the social field. Therefore, we accept her back in the association.

The story of Hassna

Hassna is a handicapped and an orphan girl. She is 30 years old. She has been manipulated by a man who promised to marry her. This relationship ends to pregnancy. She knocked the doors of Ahddane. And we took her to a doctor to discover that she was taking the medication anti epilepsy. After some days, Hassna felt the parturition and in her way to the hospital she give birth in the taxi. But unfortunately, the baby was died because it wasn't yet the time of birth.

Important events

For the occasion of Aid El Adha, which is a very important celebration of Muslims. The habit was to sacrifice a sheep in this celebration. But of course not everybody can buy a sheep. Therefore, Ahddane has done its best to offer the single mothers those moments of Aid El Adha. Ahddane has bought two sheep this year. One for the cases of the association and the other one was a gift for the prison of Inzgane. The single mothers were all invited with their children to the party. They had a lunch in Ahddane together with their children. We gave them also meat for each woman to take to their houses. As well as clothes and shoes.

The president while taking the sheep to the prison
