#### **The story of Zainiba**

Zainiba is 31 years old from Tiznit city. She is the oldest daughter and has three sisters. She belongs to a very poor family. Therefore, her father sent both her and her sisters to work as house maids in the country side of Casablanca. Zainiba has been raped at the age of 10 years by the head of the family where she was working as a house maid. Zainiba was a child and had no idea about what's happening to her for a period of 4 years. One day she felt pain and was throwing up, the lady of the house took her to a doctor who announced that Zainiba was pregnant. There was the shock because Zainiba had never been somewhere; she was spending the whole day with the house working, which made the lady doubted on her husband. She immediately took Zainiba and aborted her baby, and then she sent her to her parents like if nothing happened! After many days, Zainiba felt pain again and her mother took her to a doctor who discovered that she had an operation and had no rest at all. When the doctor asked her about the reason, she started crying and told him everything who in turn told her parents. This latter haven't done anything and were only watching in silent their daughter getting damaged. After two years, the father obliged Zainiba to go back to work again to bring him money. The poor Zainiba traveled to Agadir to find a job, but she was used again by a woman that was sending her to prostitution. Now, Zainiba becomes pregnant again and came to Ahddane in her 9 month of pregnancy and since Ahddane don't have a women's house they sent her to Oum El Banine.

## The story of Kaoutar

Kaoutar is 18 years old. Her mother was placing her at the house of a woman who was doing the mission of a babysitter but in an illegal way with a certain amount. The poor mother was single and had no body to rely on and at the same time she wanted to keep her daughter even though she does not have the money to pay the babysitter weekly. The babysitter didn't let her to say her daughter until she pays all the unpaid weeks. The mother disappeared to collect money. And the babysitter sold Kaoutar to a woman who was in bad need of a child. We don't know until now what's happened with the biological mother. All we know is that the adoptive mother has bought Kaoutar and kept her until she becomes 18 years old. The problem is that Kaoutar discovered the fact that she is adopted at the age of 8 years. According to the adoptive mother, Kaoutar is a very smart girl and she could understand from the inscription documents at the fourth year in primary school, that she is an adopted girl. Kaoutar did never confess to her adoptive mother that she knows the truth, but she was always behaving in a strange way. She was waiting for her adoptive mother to tell her the truth, but this latter couldn't lose her because she loved her so much. At present, the adoptive mother came to us asking for help because Kaoutar went to prostitution and she promised her adoptive mother to come back only when she will take her to her biological mother. Now, we have a big mission to do which is to find this biological mother who must be also looking for her daughter. We are waiting to get some donation from donors to start this mission.
