

# The monthly report of August-Oum El Banine

## The stories of mothers

### **Jamila: The broken dreams**

Jamila is 27 years old from Agadir. She was educated until the primary school. She belongs to a poor family. Her father used to mistreat her and violence her. The family becomes no longer save for her. Therefore, she introduced to man for a period of 06 months whom she loved. He gave her hope to marry her and change her life to better. The relationship end to pregnancy. The father denied both her and the child. She escaped to Casablanca because she was afraid from her father. She went to the association Inssaf in Casablanca. This latter oriented her to Oum El Banine since its closer to her origins.

### **Zainab: The second pregnancy**

Zainab is from Tata. She is 28 years old. She becomes pregnant for the second time. Her first child is with her parents. The second pregnancy is the result of a love relationship for a period of 04 months. She decided to leave her family to work but in fact it was only a reason to hide her second pregnancy. She came to Oum El Banine with the help of a woman who found Zainab next to hospital Hassan II in a miserable situation. We convinced her to announce her family. At first she told her father who in turn told the mother. The president has called the father of Zainab to come to meet his daughter. Fortunately, with the president style of persuading and convincing she did reconcile Zainab with her father.
