

The monthly report of September- Oum El Banine

The important events The marriage of Zaina

After a long struggle with suffer, endurance and neglect, Zaina who is 32 years old get married. Even though, marriage is a miracle foe single mothers but it does happen with very lucky single mothers. Zaina is from the south of Morocco. She came to Oum El Banine in 2014 in her seventh month of pregnancy. She has been rejected by her family. The father is died and the older brother took replaced his authority towards the sisters since he was the one financing the family. So, as always the reputation of the family, the bad looks of neighbors and so on was enough to fire Zaina. Oum El Banine has supported her since that time with all the needs until she gave birth, find a job and placed her son who is now 3 years in the daycare. On September, she met a man who is 43 years old. He told her that he is serious and wants to marry her. She told him about her situation and he accepted both her and her child. So, she brought him to Oum El Banine and we pay the marriage act for them and make a small celebration for them. Marriage is one of the rare and very touching ends of single mothers 'stories, who keep thinking that they will never get married in a country where a single mother is a shame!!
